Being Geek: The Software Developer's Career Handbook 1 ...

Being Geek is a collection of Michael Loop's blog posts about a career in Software Development. I generally liked this book because it helped established some ideas about what it is like to have a job in software development. However, some of it I felt did not specifically apply to me in my current position at Microsoft.

Being Geek : The Software Developer's Career Handbook ...

“Being Geek” covers the career path of a software developer and the goals therein. Along the path are anecdotes of failures, disasters and the occasional bright spot. The writing style is addictive, and Rands clearly lays out the perils in transitioning from someone in the front lines of operations to a manager. It’s clear that ... [Read more](#)
