With the intensity of the California gold rush, corporations are racing to stake their claim on the consumer group formerly known as children. What was once the purview of a handful of companies has escalated into a gargantuan enterprise estimated at over \$15 billion annually. While parents struggle to set limits at home, marketing executives work day and night to undermine their efforts with irresistible messages.

Consuming Kids : The Hostile Takeover of Childhood by ...

Children are born with an innate capacity to play, to create, to feel deeply, and to care about other people. Yet, in a digitized, commercialized world, we often prevent children from playing, stifle their creativity, deny the validity of their feelings, and encourage them to value things over relationships.

Home - Susan Linn

"Consuming Kids" by Susan Linn builds a solid case against marketing to children. As a Harvard educator specializing in psychiatry and a children's entertainer, Ms. Linn is in an unique position to understand how corporate marketing harms and exploits children's psychic vulnerabilities for profit.
