### International Truck Diesel Engines Dt

The International Harvester Company (IHC) has been building its own proprietary truck engines since the introduction of their first truck in 1907. International tended to use proprietary diesel engines. In the 1970s, IHC built the DVT 573 V-8 diesel of 240 and 260 hp (179 and 194 kW) but these were not highly regarded and relatively few were sold. Their DT 466 engine started in 1974 and was very successful.

### List of International Harvester/Navistar engines - Wikipedia

The International DT466 engine is a 7.6-liter truck engine used in school buses, farm equipment, dump trucks and construction equipment. It also is utilized in the International CXT, a pickup truck built on the International 20-ton hauler platform. Over one million DT466 engines have been produced.

including Perkins, Cat, Cummins and Detroit Diesel engines.

### **THE LEGEND - Diesel World: Diesel Trucks, SUVs and Cars ...**

The Maxxforce 13 is what typically was found in Class 8 trucks and was the engine just about everyone hated. I never heard much about the 10 having the same run of problems. I believe it was more closely related to the DT line of Internationals engines which are generally considered bulletproof.

### **Goodbye Maxxforce - Daily Diesel Dose**

I have a 2006 International 4300 with a DT466 engine, the truck run great but will not shut down when you turn the key off. the ECM/EGR power relay is staying energized at all times. I have tried changing that relay and the IDM power relay but the engine still will not shut down. I don't have a schematic for this unit.
